Sponsored by: Veridian Credit Union, UNI's College of Education Dean's Fund for Excellence and UNI's Office of Community Engagement

The purpose of this fellowship is to encourage faculty to engage with community partners to better the community in a manner that also enhances their teaching and scholarship. Community engagement is defined as the collaboration of the university with the public sector for the mutual benefit of all. This engagement is not simply service or membership, but it is the combination of meeting a community need through teaching and/or scholarship. The proposed engagement work must take place within Veridian's field of membership and with a nonprofit organization to receive the fellowship.
