Hello! My name is Kristina Kofoot and I serve as the Program Coordinator for Community Engagement here at UNI. As a graduate student I was recruited into the field of Community Engagement. For two years I served as a VISTA member helping to establish the Office of Community Engagement on campus. After my AmeriCorps service I was hired full-time to help coordinate and elevate the work of community engagement at UNI and in the Cedar Valley. I am excited to be able to work in a place that offers me the opportunity to give back to the community that I live in.

I am currently serving on UNI’s strategic planning committee for 2023-2028. I am excited to know that community engagement is again embedded within and throughout our next strategic plan. Community engagement is part of what makes UNI unique and that is evident in our plans. This month we also kicked off the Office of Community Engagement’s Civic Action Plan 2.0, which will serve as the university’s implementation plan for its community engagement work. This work is a hallmark of our commitment to our students and our community to ensure that we are moving forward in a way that is beneficial to all.

As we continue the work of strategic planning both for our campus and for the Office of Community Engagement I look forward to the opportunity to support mutually beneficial
partnerships that enhance student learning while also benefiting the organizations and businesses in the Cedar Valley.

**Meet your Service-Learning Librarian!**

Anne Marie Gruber is an Associate Professor of Library Services at the University of Northern Iowa (UNI). She is a leader in research focused on the intersections between academic libraries and community engagement, with an emphasis on innovative information literacy instruction. Anne Marie first caught the service "bug" in high school (after grumbling about required service hours!), taking part in many service trips. She started Habitat for Humanity campus chapters in her high school and college. As a librarian early in her career at University of Dubuque, she inherited library instruction for service-learning courses and brought that model to UNI.

Anne Marie is the liaison librarian for the Office of Community Engagement and has served on the Service-learning Institute Planning Committee, Civic Action Planning Team, and Higher Learning Commission’s Quality Initiative Project Implementation Committee. Many universities do not have their very own service-learning librarian; yet another reason UNI is unique and a leader in community engagement efforts. Anne Marie manages the Service-Learning Librarian Blog, which serves as a hub for information-sharing, professional development, and networking for the intersections between academic libraries and service-learning. The blog provides resources to assist with the expansion or improvement of library instruction and services to support service-learning and other forms of community engagement in a variety of disciplines. To learn more about how her work can be beneficial to you, go to [https://sllibrarian.uni.edu/](https://sllibrarian.uni.edu/).

The Volunteer Center of Cedar Valley is on campus!

Located in Maucker Union, Mondays & Thursdays 8:00am - 4:30pm. If you or a student are looking for volunteer opportunities in our community, the Volunteer Center is the place for you to get connected and explore opportunities!

Service-Learning

Service-Learning Institute

UNI’s Service-Learning Institute will be offered May 18-20, 2022. Applications due Friday, April 8, 2022. The purpose of The Service-Learning Institute is to support faculty/instructors with incorporating service-learning activities into courses in ways that align with course learning goals, enhance student growth and civic awareness, and strengthen our community. $500 participant stipends. To learn more and apply click here: Service-Learning Institute | Community Engagement

Service-Learning Course Designation

Applications are accepted through the year. If you are teaching a course with a service project embedded, please consider applying to have the Service-Learning (SL) designation on your course. The SL designation supports instructors in implementing best practices in the classroom and allows students to intentionally seek out courses that include a high-impact practice, a feature proven to be significantly beneficial for students of all backgrounds.
